CERTIFIED FLOORING INSTALLERS

2-WEEK CARPET COURSE

The CFI two-week residential carpet course is designed for individuals interested in beginning their career in floor covering installation or for an installation professional looking to add a new skill set to their repertoire. Certificate of completion will be issued for those who successfully complete the course.

This course are the first two-weeks of the respective five-week program and is considered an introductory overview of carpet installation in a residential application. This valuable training provides readiness for working along side a knowledgeable lead installation professional as an apprentice.
